Madam:

In response to the Office Action mailed October 19th, 2004, attached is a
complete and corrected listing of all claims:

Claim Amendments:

1-20 (canceled)

21 (previously presented) - An apparatus for use in dispensing a liquid,
said apparatus comprising:

- (a) a container defining a wall;
- (b) a closure adapted to close off the open end of said container,
said closure presenting a recessed channel;
- (c) an outlet passage substantially formed by said recessed
channel and said wall of said container when said closure is
attached to said container, said outlet passage having a fluid
entrance and a fluid exit so as to provide communication
between the interior and exterior of said container, said
outlet passage having sufficient volume to prevent contained
liquid from reaching said fluid exit when said apparatus is
inverted.
